"GERMAN BAND" WILL PLAY FOR LIONS' FESTIVAL

World Famous Xylophone Player, Betty Lee, to Aid on Program

Frank Shepard, nationally known master of ceremonies and magician, will direct the free entertainment at the Lions Club Festival here on August 11, 12 and 13, according to announcement made today by Adolph Kucera, chairman of the entertainment committee for the second annual event which promises to surpass in every way the festival of last year which was attended by over 15,000 persons. The Lions are preparing to entertain more than 20,000 this year.

Among the entertainment features arranged by Kucera's committee will be the strolling German band which will entertain on the festival grounds and the streets every afternoon and evening. This band has been a stellar attraction wherever it has appeared. As an extra special attraction Betty Lee, world famous xylophone player, has been engaged to give several performances daily. While only 19 years of age, Miss Lee has attained a technique seldom attained by any player on this difficult instrument. She is declared to be the fastest xylophone player in the world.

Acrobatic Thrills

But that is not all—for those who like thrills the committee has seen to it that, too, in the engagement of the Armstrong acrobatic team—John and Jorie, hand-to-hand and head-to-head balancing artists with a repertoire of acrobatic feats that pack plenty of thrills.

All this entertainment and more is all free to those who attend the festival.

Within the next few days the advertising and decorating, and other committees will swing into vigorous action to assure the success of the second annual event. Again, the town will be in gala attire to welcome the thousands of visitors who will attend.

Free dancing will be a feature throughout the festival. The Lions club bought the floor last year, and it will be used again this year.

McHENRY COUNTY WANTS RUSSELL

While it appears probable that the Federal government will be the agency that will bring charges against Jack Russell, re-captured Oklahoma convict, McHenry county is also issuing a warrant for him for the kidnaping of William S. Hamilton of Arkansas City, Kan.

The body of Hamilton, 23, was discovered along a lonely road two and a half miles east of Ringwood, near Solon Mills, early Friday morning by 16-year-old Mervin Staines, who notified Richmond police officers. County authorities at Woodstock were also called to the scene.

Hamilton's automobile was found abandoned in Kenosha. Russell is also wanted for the kidnaping of Bud Egholm of Oklahoma City at Kenosha and the theft of Egholm's car, and the kidnaping of E. C. Brown, commercial photographer, from McAlester, Okla.

Russell, whose real name is said to be Oliver Lawrence Dressler, escaped a week ago from McAlester prison, where he was serving a 10-year term for armed robbery. He was recaptured at a fishing camp near Ozark, Ark., Monday by Sheriff Champ Crawford, who has turned him over to McAlester prison authorities.

Republicans Turn Down Belated Fair Invitation

"Viewing with surprise and regret the fact that this year's invitation has come too late to permit of adequate arrangements," the Illinois Republican State Fair committee has officially declined the invitation of the state department of agriculture to observe Republican Day at the state fair this year on August 16.

"In view of the inexplicable lateness of this year's invitation, it is the expectation of the Committee that the invitation for Republican Day at the State Fair in 1940, if tendered, will be received in ample time to stage a real demonstration," the committee members observed.

Channel Lake Lawn Judging Tomorrow

The owner of the most beautiful lawn in Channel Lake community will be rewarded tomorrow for his part in making the community one of beautiful homes. The judging is to start at two o'clock Friday afternoon and will be done by three disinterested judges from without the community. The judging marks the close of this season's contest which was announced by the sponsors, the Channel Lake Community club, two months ago. Winners will receive prizes.

The club inaugurated the contest to encourage further landscaping and beautification of the community. Vernon Rogers heads the club as president and Mrs. W. W. Ward is secretary.

Woman Hurt In Collision

Mrs. Louise Sorenson, State Line road, was badly shaken and bruised when the automobile she was driving was struck by another of which John Herold, Forest Park, was the driver. Both cars overturned. The accident occurred Saturday evening at 10 o'clock as Herold and two companions were driving north on Deep Lake road near the state line.

Mrs. Sorenson received first aid treatment at her home. Herold and his companions were treated for cuts and bruises by an Antioch physician. A broken nose and body bruises were suffered by 15-year-old Jerome Herick, Chicago, Sunday evening at Channel Lake, when Jerome, who was riding a bicycle along Grapevine road at the Lake road intersection, was struck by a car of which Roy Bannan, Racine, was the driver.

Wilmot Fair Week Earlier This Year

Several departures from custom are to be noted in this year's West Kenosha County fair, to be held at Wilmot on August 11, 12 and 13.

The fair is primarily a 4-H club exhibit and is advanced a week this year so that club members will have their work judged in order to enter it at the Milwaukee State fair which advanced their dates a week.

The Women's departments were voted extra appropriations and will operate on the scale of fairs held here in previous years.

Another change will be the horse show to be held on Friday and Saturday nights and Sunday afternoon. This show is being operated under the sponsorship of the Fair Board with Mrs. Edward Mutz, Trevor, and Grace Carey, Wilmot, co-chairmen.

The Board has been fortunate in securing Mrs. Bessie Barnes and her class of 25 students in dancing to top the amusement attractions. Mrs. Barnes and her revue will appear each afternoon and evening with a show of tap, character, clown, musical comedy and ensemble numbers.

The usual parade will open the fair on Friday morning.

Barrington Farmers Are Angered by Chicken Thefts

Lake as well as Cook county farmers were interested in the mass meeting held by farmers of the Barrington area Friday night in the Barrington High school to discuss ways and means of combatting the menace of a "wave" of chicken thievery.

The chicken thieves, who are believed to be an organized gang of Chicago hoodlums, have been operating on a wholesale basis in the early summer months.

Farms in northwestern Cook county have been their chief victims, but their raids have also been conducted in Lake and Kane counties.

Locusts Damage Trees at Lake Geneva Bay

The damage which locusts can do to trees is aptly illustrated at Button's Bay, Lake Geneva, where the foliage on many of the trees is dry and dead. A similar tract is to be seen along Route 42 on the Lake Michigan shore between Lake Forest and Highland Park. The damage is said to be caused when the female locust deposits her eggs in the bark of the smaller twigs. The twigs then lose their sap through evaporation and die.

Junior Legion to Play for Spring Grove Event

The Antioch Sons of the Legion drum and bugle corps will give an outdoor concert at the annual Summer fete to be sponsored by St. Peter's parish of Spring Grove, Ill., Sunday afternoon and evening, July 23. The ladies of the parish will serve a chicken dinner on the church grounds from 12 noon to 4 p. m.

ANTIOCH 4-H TEAM WINS CO. CHAMPIONSHIP

To Represent Lake County at State Event in Urbana July 31

Winners of first place in the Lake County Livestock Judging contest yesterday, the Antioch 4-H Livestock judging team will represent the county in the state contest, to be held July 31.

The state event will be held at the University of Illinois, at Urbana, and the local team members will be up against stiff competition from other counties.

The members of the team are Robert White, Norman Edwards, Albert Smith and Leo Buchta. They were coached by C. L. Kutil, local instructor of vocational agriculture.

Antioch teams have in the past won numerous honors in the judging of livestock and poultry.

Mother of Antioch Man Dies in Chicago

The many Antioch friends of Mrs. Albertina Wohlfel, Chicago, learned with deep regret this week of her death Friday afternoon at 3 o'clock in Chicago, at the age of 82 years and seven months.

She was the mother of Fred H. Wohlfel, Grass Lake road, and until this year it had been her annual custom to make a summer visit here with Mr. and Mrs. Wohlfel.

Funeral services were held in Chicago Monday afternoon at 2:30 o'clock with burial in Eden cemetery, Irving Park.

Mrs. Wohlfel and her husband, who survives her, celebrated their sixtieth wedding anniversary last November.

She was born Albertina Fendrich in Germany, where she and Herman Wohlfel were married, and came to the United States at the age of 21. Sons and daughters born to the couple include William, Frank, Mrs. Anna Fehrd, Mrs. Marie Koch, Otto, and Mrs. Fred Olson, all of Chicago, and Fred, of Antioch.

There are 17 grandchildren and 13 great-grandchildren.

DeKalb Teachers College Has Largest Summer Enrollment

The summer school enrollment at Northern Illinois State Teachers College was the largest this summer that it has been since the single eight week term for the summer was adopted in 1933. The 33 enrollment was 474 and that of last year was 618 while that for this year was 638.

Those from this locality who are attending are:

Clayton Bartlett, Norbert Pacini and Lillian Vykruha of Antioch; Helen Mary Stratton and Ruth Miner, Lake Villa; Dorothy Leable and Margaret Anderson, Wadsworth; Mildred Gould, Grayslake; and Clair Krause, Ingleside.

Fines Follow After Series of Co. Raids

A fine of \$100 and \$8 in costs were assessed against C. R. Keulman of Antioch on a charge of being the owner of 14 pinball machines seized in stores and taverns in Lake county.

The charge was an outgrowth of a series of gambling raids conducted throughout the county Friday and Saturday by Sheriff Thomas E. Kennedy's deputies.

Others against whom charges were brought included Eugene Scovacca, Highland, for maintaining a handbook at the White House tavern, at Half Day; William Higgins, Waukegan, and Albert Derbes and Edward Peno, Fox Lake, for operating a handbook at Fox Lake.

Lad Travels 459 Miles On Bicycle for Ia. Visit

John Haake, 15, son of Mr. and Mrs. Walter G. Haake, Waukegan, rode 459 miles on a bicycle last week to visit an uncle, Ronald Faulkner, at Sac City, Iowa. He started Saturday morning, July 8, and arrived Wednesday, July 12, at 5 p. m. John's arrival was delayed by a day when he had to stop and work on a farm to earn money for food after he spent the \$4 he took with him for a tire to replace one that blew out on the road.

News Item: "85 per cent of the national income of the United States goes to workers and the self-employed."

'round the Resorts

A full-fledged newspaper, with from four to six pages of news and features and a "circulation list" of between 300 and 400 is "edited" by Miss Clara Haling of Haling's Resort at Grass Lake.

Started by Miss Haling as a little advertising circular last January, the "Grass Lake Chatter" has been built up by her until by now it has practically all the departments a regular newspaper has, including editorials, gossip columns, cartoons, news, sport items, fishing hints and advertisements.

The paper is put out about once every three weeks.

"It takes me that long to get the material for an issue together—and believe me, it's hard work, too!" says Clara.

Her first issues were sent to about 100 "subscribers," but the list quickly trebled and quadrupled, and new readers are asking that their names be added, all the time.

Clara runs her newspapers off on a mimeograph.

"I have to use up about six stencils on an issue," she says.

The first issues she "bound" by stitching down one side of the sheets on the family sewing machine.

Of late, however, she has been able to procure paper that folds to make pages of the proper size, without cutting.

Postage and envelopes are the big items in her expense, she reports. It costs her about \$4 to mail out each "edition."

The twenty-eighth annual reunion of the Sherman family was held Saturday at the Decker and Dady picnic grounds, Gages lake, on Saturday, Lynn Sherman of Wilmot is president of the association.

Julius J. Stern, proprietor of the Country House resort at Channel Lake, spent Wednesday in Chicago.

Anybody who thinks croquet is a "sissy game" should stand in on some of the desperately, deadly serious matches staged at the Pasadena Gardens and the Fairway Grill, both on Highway 83 north of Antioch, and at Johnny Gever's tavern, Trevor.

The games at these places, where teams challenge all comers, are carried on with a serious, earnest concentration that is somewhat reminiscent of chess. Even the onlookers are (sometimes) chary of their razzing remarks... except when carried away by a bit of unseemly hilarity as they sit on chairs or the grass, with occasionally a cooling glass of beer in hand, and criticize the malletmanship—or malletswomanship—of the players.

Roast turkey is the "Saturday night special" at the Loon Lake tavern, Loon Lake, Highway 54, south of Antioch, where it has been meeting with much favor. Ed Small is the proprietor.

The justly-famed "roast beef au jus" on the Roundup's Sunday plate dinner specials is getting so popular it's hard (continued on page 7)

Rowboat Is Taken from Lake Catherine Cottage

Mrs. John Kaderli, Lake Catherine, reports that a 16-foot rowboat with a one-cylinder motor was stolen from the Coley cottage there Sunday.

GUERNSEY CATTLE BREEDERS TO HOLD PARISH SHOW SAT.

N. Illinois Ass'n. of Which Antioch Man is Sec'y, Sponsoring Event

More than 90 head of cattle will be exhibited, it is expected, in the fourth annual parish show to be sponsored by the Northern Illinois Guernsey Breeders' association Saturday, July 22, in Barrington township.

E. C. Welch, Antioch, is secretary of the organization and Chauncey McCormick, Wheaton, is its president. The show will be held at the Dorville Farm, owned by O. S. Caesar, and is open at 11 o'clock.

Twelve herds from this section of the country are to be exhibited, and 4-H club and Future Farmers judging contests will be held.

George M. Newlin of Farmington, Mich., superintendent of the farm owned by C. E. Sorenson, chief engineer of the Ford company, is to be the judge of the cattle. Mr. Newlin has judged cattle at numerous state fairs and shows.

Refreshments will be served under the charge of a committee from the Country Day school at Barrington.

The first of the annual parish shows was held at the A. D. Lasker estate, Lake Forest; the second at the Mrs. R. McCormick farm, Wheaton, and the third at the L. J. Drake farm, Plano.

Approval of \$18,447 WPA Project at Wilmot Given

An \$18,447 WPA project for the Wilmot State Graded school has been approved at Washington, D. C., according to a notice received by officers of the school district from Stephen Bolles, congressman from the First district of Wisconsin.

The project will cover improvement of the school building and grounds.

Included in the project are the remodeling of the buildings, lowering ceilings, covering pipes, painting, varnishing, plastering, laying floors, replacing roof flashing, pointing masonry, installation of electrical outlets, construction of class rooms, partitions and installation of gymnasium seats, bleachers and back stop.

Exterior improvements will include the construction of tennis courts, landscaping, excavating, grading and seeding and other incidental work on the improvement project.

Voiture 604 to Enjoy Fish Fry Friday, July 28

Election of officers will be held at the July meeting of Voiture 604, 40 and 8, Friday evening, July 28, in the Antioch Legion hall.

Plans for the voiture's August "wreck" will be made at the meeting, which will start at 8:30 o'clock. A "fish fry" will follow.

Showers Help Relieve Farm Drought Conditions

Temporary relief to the somewhat drought-ridden Lake and Kenosha county farms was given by intermittent downpours of rain Monday.

STORE EMPLOYEES HELP TO HARVEST HIDDEN TAX CROP

Lake County Has 4,810 "Unofficial Tax Collectors"

Lake county has an estimated 4,810 "unofficial tax collectors," who indirectly are helping local, state and national government harvest their annual revenues, the National Consumers Tax Commission declared today.

The unofficial, and generally unwilling, "tax collectors," according to the NCTC are the proprietors and employees in the 1,399 local retail stores.

"There are 17,336 official tax levying and spending governmental agencies in Illinois," said Mrs. Melville Muckelstone, president of the nation-wide women's organization. "But every clerk behind a store counter is actually a tax collector, too."

"In every sale, these clerks collect fractions of hidden taxes that have increased the cost of production and distribution of the article purchased. These taxes, of necessity, must be passed on to the consumer as a part of the price. A major share of all local, state and national taxes now are hidden to the consumers who pay them this way."

"The store clerks, of course, don't realize it any more than the customer does, but every ring of the cash register represents not only a sale but a tax payment."

"The NCTC now has study groups in approximately 5,000 communities in 45 states in its educational campaign to expose "unnecessary consumer-penalizing taxes," Mrs. Muckelstone said. The crusade in this state is led by Mrs. Franklin M. Miller, of Chicago national committee member.

EVERYTHING READY FOR LEGION'S BIG FETE STARTING FRI.

Antioch Post to Sponsor Big Three-Day Festival Through Sunday

All is in readiness for the big three-day festival which the Antioch American Legion will sponsor, starting tomorrow and continuing through Saturday and Sunday.

A floor has been laid for out-of-door dancing during the afternoons and evenings.

Rides, games and free entertainment will add to the festivity of the affair. Refreshments are to be served on the grounds.

"Jerry, the One-Man Drum and Bugle Corps," will be featured as a novelty in the entertainment.

The 40-piece uniformed Antioch Sons of the American Legion drum and bugle corps, which has taken part in numerous parades here and in other cities, is to put on parade demonstrations at the grounds.

American Legion auxiliary members are assisting a large Legion committee in conducting the festival.

Walter Mills is general chairman of the Legion committee. The auxiliary's committee is headed by Mrs. Otto Klass.

Miniature "Twister" Hits at Lake Geneva

An 1,800-pound "A" boat was tossed about 25 feet, turned over and its mast splintered when a cloudburst and "junior tornado" hit the west end of Lake Geneva a week ago last Sunday at 4 p. m. Six sail boats were capsized and several persons were rescued from drowning by employees of the Lake Geneva Yacht club, close to the scene of the twister. The storm was a freak of an otherwise calm and clear day, and lasted only a few minutes.

Dairy Herd Improvement Ass'n. Elects Officers

C. O. Hunt of Allendale Farm, Lake Villa, was elected a vice-president of the Lake County Dairy Herd Improvement association at a meeting Tuesday evening in the Farm Bureau offices. William Wirtz, Mundelein, is president and E. A. Well, Mundelein, secretary-treasurer.

The board entered into a contract with L. Carlson of Libertyville for testing for the ensuing year.

PWA Bosses Not Striking

George F. Barrett, Chicago Republican leader and Ward Committeeman, speaking Sunday afternoon, July 16, before the 45th Ward Republican Organization Picnic, at Riverview Park, declared, "A wave of serious WPA strikes, involving many thousands of our citizens, has swept across the land. Those striking have given many reasons for their action, but we have all noticed that the top WPA brass hats are not striking. Of course not, they're well off, and they know it. They don't have any cause to strike. Their fat salaries, which were exposed in the public prints just a few days ago, keep them contented and happy while those at the bottom rung of the WPA class caste, strike."

"The high salaries of these WPA administrators, ranging from \$8,000 to \$12,000 in Illinois and running much higher among the Washington hierarchy, is more than most of them could make in private life. These theorists and so-called social welfareists are bleeding the WPA, a supposedly non-political relief agency, leaving so much less for the actual alleviation of suffering and distress."

"It is a terrible crime to thus divert funds intended to relieve unemployment and human misery, to keep pandering political parasites working for a powerful political machine."

Will It Help Recovery?

The fact that Congress, in the course of passing the Revenue Act of 1939, made a few desirable changes in the nation's tax law has resulted in a lot of loose talk and even looser thinking by people who ought to know better (and probably do).

"Well," this chatter usually runs, "business has been complaining about the unfairness of past revenue measures. Now that the injustices have been removed, we can expect industrial recovery any day now. And if we don't get it, we'll know business has been holding out on us all the time!"

With this kind of foolishness so often heard, this is a good time to pause for a moment and try to get the real facts on the situation.

Will the changes made this year in the government's tax program help business recovery?

To a certain extent, business spokesmen say. But, pointing out that the changes don't go far enough, business offers certain recommendations for future revision, designed to aid recovery and generate employment and new payrolls. These suggestions include:

Reduction of the tax load on business so that a fair amount of earnings can be returned to those who have invested their savings.

Reduction of extremely high surtaxes on individual incomes so that enough income is left to make the investment of "risk" capital attractive.

This advice of business to the nation's lawmakers, designed to put idle men and idle money to work again, is sensible and clearcut. It needs no tax specialist to see that the encouragement of the individual investor is the first prerequisite to industrial expansion. Nobody wants to hazard his money without the possibility of a fair return.

We trust that Congress, in framing future tax legislation, will ponder this truth even more carefully. For

in the impression that the removal of a few inequities can completely open the road to business recovery lies one of the greatest obstacles to ever really achieving such recovery.

An Incomparable Record

The Young Democrats at Des Moines, Iowa, recently made much of "the incomparable record of the Roosevelt administration," and endorsed him for a third term "if he makes himself available." The Antioch News has tens to agree with the young Jeffersonians from the tall corn state that Mr. Roosevelt certainly has made an incomparable record, and wants to accord him all the honors (?) so justly due him on that record.

Witness—the record:

1. He is the greatest spender in recorded history.
2. He has the greatest record of unredeemed political and economic promises.
3. He has fooled more people more times than any demagogue in history.
4. He is the most expensive and persistent fisherman in all the world.
5. He and his family have commercialized the White House to a greater extent than any President in history.
6. He has created the greatest national debt in American history.
7. His policies have been responsible for the most politically corrupt period of American history.
8. He has sought and acquired more political and economic power than any peace-time President.
9. He has done more to destroy the confidence of Americans in themselves and their form of government than any ten Presidents.
10. He has created more business uncertainty, class hatred, visionary Utopias and popular unrest than all his predecessors combined.
11. To cap the climax of his "incomparable record" he is the only American President ever to receive the unqualified endorsement and support of the Communist Party of America.

Yes, it is without question an "incomparable record"—incomparably bad.

Private Initiative Will Persist

It has been said that even if a man were dropped down in the middle of a desert island, without food or sustenance, he would contrive to dig his thumb into the ground, plant seeds and live. This in itself is the most primitive example of initiative—the will to live. Only the indolent who would rather starve to death than work and live would stand to have their initiative taken from them. Pungent proof of this is recorded by Harold Denny, able correspondent of the New York Times in Moscow, seat of Communism which would destroy initiative and private enterprise and substitute therefor a system of paternalism by government through economic planning.

Said Mr. Denny in his most recent dispatch to the Times: "Living in Russia, one is constantly struck by the tremendous driving power of individual initiative, the obstinacy of the instinct to be one's own boss, to live by one's own wits and to turn a profit whenever one can. . . . But as the experiment has worked out thus far in Russia it has been found possible to keep the individual profit motive even at bay only by the constant and vigorous exercise of police power."

And in our own country, the "fellow-travelers" of these same communists and the cohorts of "pinks" and reformers who would remake America on a new pattern, might well drink deeply of these words. Like the experience of the Soviet, they will fail, for they overlook or underestimate the largest factor and that is human nature itself.

HICKORY

Mr. and Mrs. Max Irving and sons visited Mr. and Mrs. Carl Anderson of Millburn, Sunday afternoon. The occasion was the celebration of the latter's birthdays.

Mr. and Mrs. Ralph Fields went to Chicago Friday to the Illinois Research Hospital, and their daughter, Hazel, returned home with them.

Egyptian Bakers

The Egyptians were the first to bake raised bread. It was the custom to knead dough with the feet, though they kneaded clay by hand. The discovery of leavening was the result of a mistake by an Egyptian servant who mixed left-over dough into her fresh dough; fermentation had started in the left-over dough.

Big Brown Bear
Robert Colthart, shop instructor of the Dunsuir, Calif., high school, while trout fishing in the middle of the stream had the doubtful thrill of seeing a big brown bear come out of the forest, wade across and eat his entire day's catch of rainbow trout. In the meantime, Colthart transferred himself from the stream to the branches of a nearby tree.

Ferry to Sweden
Sweden and Denmark lie nearer to each other than many people realize. At some places in northern Denmark you can go to Sweden in 20 minutes by ferry, and the Swedish coast is distinctly visible from Elsinore in Denmark.

ASA: A LIFE OF TRUST

LESSON TEXT—II Chronicles 14:2-12.
GOLDEN TEXT—Help us, O Lord our God; for we rest on thee.—II Chronicles 24:11.

"In God we trust." These are the words which appear on many of our United States coins. Do we believe them? The lesson for today reveals how real trust in God operates in the life of a nation. The divine principles which were in effect 900 B.C. are just as valid in A.D. 1939. A prayerful consideration of them in the Bible schools of our land today and the application of them to our national life may mean more for our country's welfare than the deliberation of statesmen or the operation of governmental agencies.

The story of the reign of Asa (one of the few godly sovereigns of the nation of Judah) reveals that trust in God calls for an upright life, for intelligent preparation, prayer, and faith. If we trust God we shall:

I. Make the Life Right (vv. 2-5).

Asa "did that which was good and right in the eyes of the Lord." Only such a man or such a nation can really trust God and count on Him for guidance and blessing. Asa destroyed the idols and places of heathen worship (vv. 3, 5), but he also turned his people to the true God (v. 4).

Many are praying that America may have such a revival, which will result in the putting away of sin, which is becoming such a blatant commonplace in our land, and a turning to the true God in repentant and righteous living.

II. Prepare With Care (vv. 6-10).

Asa trusted God but he also made every possible preparation for that which his nation might face. In time of peace he fortified cities and trained his army. This was intelligent faith.

We need not pray that God will keep us warm, if we do not gather and conserve the fuel which He has provided. We must plant, harvest, and store the grain if we are to eat when winter comes. A proper preparation for the defense of our country should precede our prayers for God's protection.

In and through all it is God that works, but at the same time He expects us to do what we can as He enables us to serve Him. The work of the Church of Christ would make great strides forward if His followers would recognize that fact. "We have no right to look for divine co-operation until we have done our best; we are not to sit with folded hands and expect a complete salvation to be wrought for us, and then to continue as idle spectators of God's redemption of mankind. We are to tax our resources to the utmost, gather our hundreds of soldiers; we are to work out our 'own salvation with fear and trembling, for it is God which worketh in us both to will and to do of his good pleasure.'" (W. H. Bennett).

III. Pray With Assurance (v. 11).

The Ethiopian host facing Asa's army was so great that humanly speaking his distinction was hopeless, but "one man with God at his back is always a majority." Take courage, Christian friends, trust God. Only be certain that you are on His side and that your life is right, and then be assured that He will give the victory.

The secret of Asa's victorious prayer was that he put no trust in himself, but did believe in God. Says Alexander MacLaren: "My consciousness of need is my opening the door for God to come in. Just as you always find the lakes in the hollows, so you will always find the grace of God coming into men's hearts to strengthen them and make them victorious when there has been the preparation of the lowered estimate of one's self. Hollow out your heart by self-distrust; and God will fill it with the flashing waters of His strength bestowed."

IV. Act in Faith (v. 12).

Asa went out to meet the Ethiopians, but he knew that God went before him, and therefore he saw God smile them.

Right living, proper preparation, and the prayer of faith must culminate in an act of faith. If we believe that God is for us, let us act as though we believed it and step out with confidence to do His will, come what may. God honors that kind of faith, whether it be on the part of a king, leading his nation into battle, or on the part of the humblest believer, seeking to bear testimony for Him.

Consecration is not wrapping one's self in a holy web in the sanctuary; it is going into the world and using every power for God's glory. —Henry Ward Beecher.

A God of Justice
No one can exaggerate the goodness of God, save when he robs God of His justice and might, and paints Him as a benevolent but weak grandfather.

TREVOR

Mr. and Mrs. Walter Lasco and children, Powers Lake, with her house guest, Mrs. Frank Lasco of Kenosha, called at the Charles Oetting and Joseph Smith homes Monday afternoon.

Mr. and Mrs. M. R. Neff, Walworth, son and wife, Mr. and Mrs. Glen Neff, of Clinton, Iowa, called Sunday at the Daniel Longman home.

TRUTH about ADVERTISING

By CHARLES B. ROTH

BUT IT'S JUST AS GOOD

YOU have had the experience, haven't you, of going into some stores and asking for an advertised brand of goods, only to have the clerk hand you another brand and inform you, "But it's just as good."

Sometimes, to your regret, you bought the "just as good" item but sometimes you walked out of the store and searched until you found the merchandise you had asked for in the first place. When you got it you were satisfied.

You had confidence in the advertised goods, because you read in the honest pronouncements of the advertiser what you might expect his product to do for you. This gave you assurance. You bought because you had confidence.

But when that clerk palmed off something different on you, you had misgivings, you had doubts, you had fears, you had lack of confidence.

Maybe they were justified. Maybe they were not. It doesn't matter. The fact remains that advertising had invested the advertiser's goods with a confidence which made you buying a pleasant in place of a fearful duty.

Usually, but not always, these "just as good" goods are not as

good—they are inferior and the merchant sells them because they carry more profit for him. He does his level best to get rid of them, because it is more to his advantage to do so than it is to yours.

Many stores pay their salesman a commission for selling unknown and unadvertised goods, because the salesman would not sell them without some special inducement.

It is much better for you as a consumer to put your reliance absolutely in advertised goods and in stores which advertise, and to patronize both exclusively.

When a man advertises his goods and tells frankly and publicly what they will do for you, he seeks your patronage on the basis of actual value.

It may be that some manufacturers or merchants can offer just as good value in unknown or unadvertised goods. But the chances are ten to one that they can't—because advertising not only increases the distribution of goods, but at the same time increases the production, so that advertised goods cost less to make; hence, gives more to the buyer.

In the long run you get more for your money when you buy advertised goods. You get more in actual value. And also get more in that intangible value, known as confidence.

And confidence is one of the chief satisfactions of life.

SOCIETY NOTES

A. J. Baethkes to Celebrate Golden Wedding Sunday

Mr. and Mrs. August J. Baethke of Trevor, Wis., will celebrate their fiftieth wedding anniversary by holding open house at their home Sunday, July 23.

Mr. Baethke, 75, and Mrs. Baethke, 68, were married July 21, 1889, in Elmhurst, Ill., but spent the greater part of their married life in business at Trevor, where their family of four children were raised. They lived in Forest Park a number of years, but two years ago moved back to Trevor. Their oldest son, Walter and family reside in Antioch. Twin sons, Arthur and family and Edgar, reside in Maywood and Forest Park, respectively, and a daughter, Mrs. Marcellus Johnson, lives in Arlington Heights, Ill. They have six grandchildren and one great-grandson.

The Baethkes are in fine health and will enjoy seeing all of the friends who can call on this occasion.

FISHING POOR AT RHINELANDER, WORD FROM VACATIONISTS

Fishing is not so good at Rhinelander, Wis., where he and Mrs. Henslee are spending their vacation, writes the Rev. W. C. Henslee, pastor of the Antioch Methodist church. High water, due to heavy rains, has spoiled the angling, although Rev. Henslee reports that he has caught enough to supply the family with a few frying pans full of northern fish.

On Sunday the Henslees attended services at the Rhinelander church. The Rev. Dean Swift of Dousman, Wis., will occupy the pulpit at the church here this coming Sunday, Rev. and Mrs. Swift were missionaries in southern Asia for 15 years, and Rev. Swift's talk is expected to be of great interest.

LEGION AUXILIARY TO HONOR PAST LEADERS FRIDAY, JULY 28

"Past Presidents' Night" will be observed by the Antioch American Legion auxiliary at a meeting to be held Friday evening, July 28, in the home of Mrs. Earl J. Hays.

The past presidents includes Mmes. Lillian Jensen, Ethel Pesat, Paul Chase, John Horan, Katherine Reinke, Eva Kaye, Agnes Hills, Rosabelle Anderson, Betty Mortenson and Ruth Ward and Miss Elizabeth Webb.

The observance is an annual affair. Officers of the auxiliary will be installed at a meeting in September, probably under the charge of a past district director or a past president of the unit. It was mistakenly announced in last week's issue of the Antioch News that the 8 and 40 would have charge of the installation.

"ACHIEVEMENT DAY" PLANNED BY 4-H CLUB

At a meeting held last Wednesday in the high school, the Antioch Girls' 4-H club made plans for a local "Achievement Day" to be held in the near future.

Talks were given on "How to Develop Healthy Feet," Billie Maye Runyard; "Points to Consider When Buying Shoes," May Louise Setek. Dorothy Aronson recited a dialect poem and another poem was read by Doris Strang.

GIRL SCOUTS WIN ATTENDANCE PINS

Pins for attendance records were awarded to Dorothy Aronson and Doris Burdick at a meeting of the Antioch Girl Scout troop last Thursday.

A large attendance marked the ice cream social the troop sponsored Saturday at the home of Jane Nelson, 468 Lake street.

ST. IGNATIUS GUILD TO HOLD CARD PARTY

The July committee of the St. Ignatius' Ladies' guild will be in charge of a 1 o'clock dessert-luncheon to be held Wednesday afternoon, July 26, at 2 o'clock, in the Guild hall.

CHRISTIAN SCIENCE CHURCHES

"Life" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 10.

The Golden Text was, "Seek good, and not evil, that ye may live; and so the Lord, the God of hosts, shall be with you, as ye have spoken" (Amos 5:14).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "How excellent is thy lovingkindness, O God! therefore the children of men put their trust under the shadow of thy wings. They shall be abundantly satisfied with the fatness of thy house; and thou shalt make them drink of the river of thy pleasures. For with thee is the fountain of life; in thy light shall we see light" (Psalms 36:7-9).

The following passages were included in the Lesson-Sermon from "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Mortal man can never rise from the temporal debris of error, belief in sin, sickness, and death, until he learns that God is the only Life" (p. 289).

Does Your Corset Do Something for You or To You?

"Does it enhance the good points of your figure or merely emphasize the bad ones?"
"Does it provide a proper foundation for your clothes or simply prevent any of them from looking their best on you?"

"It's amazing how many women are blaming the mode for unbecoming clothes and the stores for poor taste in selection, when the fault lies at their own door in the wrong corset."

"We see lots of women during the day and lots of corsets. We see girdles on women who should be wearing corsets and vice versa. We see 12-inch models on figures that need the 16-inch length. We see size 30 waists squeezed into size 28. We see 'spare tires' and bulging, hollow backs and puffy thighs. We see some faults that never can be helped, but most of those we see are just crying for a little INTELLIGENT ATTENTION; and with that they'd never be noticed at all!"

"Intelligent attention is what our corset department specializes in. Let our experts examine the corset you are wearing—let them see if it's really doing something FOR you, and if not,

let them advise you on the type you should be wearing."

DON'T BE CASUAL ABOUT YOUR CORSET—IT'S IMPORTANT!

It's an Idea

Says Thrifty Mary
When buying a dress, hat, shoes or coat, try to look at your image in the glass as though it were a stranger's and reflect carefully on whether or not it "does things" for you in the way of bringing out your good points and concealing your bad ones—for we all have them!

Don't be afraid to try something new or different, if the saleslady suggests it—an unusual style or color may prove unexpectedly becoming.

Also ask yourself these questions—Is it comfortable? (This is especially important with shoes!) Will the material wash, or can it be cleaned satisfactorily? Will it wear well? Is there fussy trimming that will be hard to care for, and is its extra becomingness worth the bother?

When buying clothes, it is generally a good idea to choose them with a view to wearing them at least two seasons. It is also well to have a basic color scheme or an interchangeable color scheme. For instance, a white suit may be the "base" for several different sets of color schemes in the summer, while your white accessories may also be worn with an outfit of any other color.

Unless you are planning an entire new outfit, try to buy your clothes so that they fit in with your present wardrobe—you'll find it an aid to smartness as well as an economy! It isn't always expensive that makes for a good appearance—it's good taste, good judgment, discrimination, neatness and careful selection.

Your place is always set at our table

The Observer

You can't tell us the Waukegan folks aren't thrifty. They're keeping their Fourth of July decorations up for Christmas, which is now only 163 days away.

It was a most unkind judicial cut which sent a "Sweet Adeline" trio in a neighboring city to jail for five days. But an unkind one when the local gazette referred to them casually as "the alleged musicians."

This is only a story that was told to us, of a man whom we may as well call John Smith as anything else, who lived in a city not very far from here.

John Smith was a sort of individualistic old fellow who had lived life during his 49 or 59 years (the guesses varied) pretty much as he saw fit—as brass worker, WPA employee, handy man in a tavern, and so on. He was close-mouthed and independent, but on occasions when he had had a bit to drink he had been known to vouchsafe a few bits of information to some of his friends. From these few remarks it was surmised that he was a man of some education, that he had been admitted to the bar as a lawyer, and that he had a brother in the east, who was mayor of Boston and that this brother, or perhaps another one, had served as a governor of Massachusetts. It was also the general belief that his family (which included 10 brothers and sisters) disapproved of his way of living and wanted him to come home to visit them while his mother was still living.

But John Smith lived quietly and un-noticed until one night he passed away in his sleep. And then began a flurry of telegrams back and forth, and it was denied that John Smith was one of The Smiths of Boston, but that he must be some other Smith. And so the city officers of X prepared to bury him in the local potter's field. Six men who had known him were ready to act as pall-bearers; friends who had known John had been asked to contribute for a spray of flowers that covered the casket—and no one who was asked refused—when a long distance telephone call came from Boston and a woman who said she was John Smith's sister, acting for his mother, identified him as her brother and made arrangements to have the body shipped east.

And, so the story goes, as the 2:46 train steamed out of X—bearing John Smith on his last journey, 10 men who had known him and who were standing in a tavern discussing the mystery concerning him, looked at each other and with one accord raised their glasses and said, "So long, Boston!" And not one of them was smiling.

And meanwhile—for the tale has as yet no ending—the mystery of whether he was or was not the governor's brother still hovers those who knew him in X—where curious inquirers discovered a resemblance between John and a picture of the governor printed in a magazine, and in the tavern where he was handyman the pros and cons are still being weighed over a glass of beer of an evening.

KEEP COOL WITH REFRIGERATOR MEALS

See Recipes Below.

Refrigerator Meals

It's a smart stunt to get meal preparation out of the way in the cool of the morning. Knowing that dinner's ready and practically waiting to be served helps you to look and feel cool, calm and collected, and it leaves you free for "vacationing" during the hot hours of the day.

Here's a menu that can be prepared in the morning, almost down to the last sprig of parsley, so that it will be ready to serve at the appointed dinner hour with only a little additional work.

Pineapple Upside Down Loaf
Tomatoes Stuffed With Macaroni
Buttered Fresh Peas
Minted Pear Salad
Hot Biscuits
Strawberry Fluff

(Makes 12-14 Biscuits.)

2 cups flour
4 teaspoons baking powder
3/4 teaspoon salt
1/4 cup shortening
2 cup milk

Sift dry ingredients together and cut in shortening. Add liquid slowly. Turn dough onto lightly floured board, pat to 1/2-inch thickness, and cut in rounds. Place on greased cookie sheet. Brush biscuits with melted butter and store in refrigerator until 20 minutes before dinner. Bake in hot oven (450 degrees) for 15-20 minutes.

Pineapple Upside Down Ham Loaf.
Sliced pineapple
Whole cloves
1 1/2 pounds ham (ground)
3/4 pound veal (ground)
1 green pepper (minced) 1/2 cup
1 cup rice (cooked)

2 tablespoons onion (minced)
1/4 teaspoon pepper
1 teaspoon salt
1 egg (beaten)
1/2 cup chili sauce or catsup
1/2 cup water

Dot several slices of pineapple with whole cloves. Arrange in the bottom of a loaf pan.

Combine meat, green pepper, rice, onion and seasonings. Add egg, chili sauce (or catsup) and water. Shape into loaf, and bake at 375 degrees for one hour. Turn out onto platter. Serve hot or cold.

Buttered Fresh Peas.
Simply place the shelled peas in a saucepan, partially filled with water. Set in refrigerator, then just before dinner, cook in this same water. For variety, sprinkle finely chopped garden mint over peas before serving.

Tomatoes Stuffed With Macaroni.
Remove the centers from the desired number of tomatoes and fill with cooked and seasoned macaroni, topped with slices of cheese, or better yet, if the refrigerator divulges some freshly kept, left-over macaroni and cheese, this may be used instead, with a buttered crumb topping. Chill until dinner time, then bake in a hot oven (400 degrees) for about 20 minutes.

Minted Pear Salad.
1 package mint-flavored gelatin
1 cup boiling water
1 cup cold water
1/4 teaspoon salt
5 or 6 pear halves (canned)
Lettuce
Salad dressing.

Dissolve gelatin in boiling water, add cold water and salt. Let stand in refrigerator until cool. Dip pear halves in cold gelatin mixture and

arrange in ring mold. Place in refrigerator until set, and fill the mold with the cooled gelatin mixture. Chill until firm. Serve on large platter with a small bowl of salad dressing and lettuce for garnish.

Strawberry Fluff.
And for dessert, combine whipped cream, sliced strawberries and marshmallows cut in quarters. Place in sherberts and chill for several hours or overnight.

Pure Cellulose Curtains
Look Like Rare Chintzes

Pure cellulose curtains that look like printed linens and rare chintzes are making home-decorating history for 1939. So low is their cost that an entire house can be redraped for less than \$10, and when the curtains are soiled they can be thrown away and replaced for a cost equal to or less than the cost of laundering.

Looking like vellum and feeling like fine percale, these materials are soft, pliable, with permanent drapability and "hand." They are available in a wide number of patterns and designs in rich, sunfast colors. Coming completely finished and ready to hang, with matching tie-backs, the drapes are sold in three lengths.

Little Niceties Make
Cheerful Guest Room

Summer guests will appreciate a cheerful guest room—one that has its own style furniture and not just miscellaneous discarded pieces. Essential as the bed itself are a chest of drawers for odds and ends, a smart vanity for the feminine visitor and a bedside lamp and table.

A chaise longue and some good books and magazines will help take care of those in between moments. Most important of all, for comfort's sake, are a good mattress and a good spring.

Logs for the Apartment
There are now fireplace logs suited to the apartment dweller. They are compressed under great pressure out of sawdust and shavings so that each log is bone dry, clean, uniform in size (4 by 12 1/2 inches), and has no splinters. There is almost no storage problem, as each log burns for four hours, and a month's supply can easily fit into the closet along with the umbrella and galoshes. These logs give off a colored flame—blue, orange, purple or green—very much like fires made from driftwood.

Dining Bay Excludes Flies
If you want to eat outdoors in warm weather, but the flies make the meal a nuisance, how about adding a bay to your living or dining room? You can sit with windows on practically three sides of you, but by screening them, banish the annoying and unsanitary little insects.

Sealing Jellies
Paraffin used for sealing jellies should be "smoked" hot, since it sterilizes as well as seals. Tilt the glass in order that the melted paraffin may form a seal around the side of the glass as well as a covering for the top.

Yesterdays

46 YEARS AGO
In the Antioch News Files
July 20, 1893

Anyone wishing a nice cool and refreshing drink should not fail to try C. O. Foltz and Co.'s Ice Cream Soda.

A big rush of guests were at the lake resorts over Sunday, but it seems few come to stay any length of time, as most of them returned to the city Monday. The attractions of the World's Fair appear to cause this.

The evidences of growth of our village may be seen on all sides by the number of new buildings being erected. There is no reason why this should not become a village of 1,200 to 1,500 people within the next two years.

A party of six men from the Fair City are in camp on Petite Lake, living on fish and mosquitoes.

A merry hayrack load from the summer cottages at Bluff Lake took a trip to Hunter's Home and Summer resort and to the Ramaker House, Fox Lake, Sunday.

(When the advertiser gets a break!)
The long, warm summer days with everything close and sultry are here. The sound of the sickle is heard in the land and anon a majestic patent hay-loader, for sale by Thompson Bros., slowly wends its way to the some of some neighboring farmer.

The bright beams of the July sun fall with deceptive brilliancy upon everything and the ivory soap ad in front of J. J. Longabaugh's rushing store gets its full share. Now in the early morning as the dew sparkles upon the star-eyed daisy in the meadow and upon the empty tomato cans in the back garden, our busy butchers ply their trade and far into the night Mr. Wayne Harvey and his reliable all around man Deyo may be seen tying the neat brown packages for their customers at the lakes. And while we gaze at the beauties of summer and remark upon the mighty hotness of the weather we also reflect that cold water is better than whiskey and that J. S. Murrie has fresh groceries, not forgetting that Hattershall keeps Vienna bread.

L. D. Beamer, Austin Webb and C. B. Phillips of Aurora passed through here Monday after a visit Sunday with Wilson King, Hickory Corners. They are going back via Lake Geneva, which will make a hundred miles. They are mounted on fine pneumatic tired safeties and are all expert wheelmen.

30 YEARS AGO

July 2, 1909

Frank Shea, Wadsworth, suffered a broken jaw when he and another player collided in a Wadsworth-Gurnee baseball game Sunday.

Last Monday afternoon Dr. Warren's sorel driving horse took a notion to furnish some excitement for the villagers and came down north Main street at a 2:40 gait, leaving "Doc" somewhere in the woods.

President Taft's White Steamer car is the subject of considerable publicity.

15 YEARS AGO

July 24, 1924

The new Antioch theatre will open its doors to the public Saturday night. E. V. Orvis of Waukegan caught a 32-pound muskunge at Twin Lakes a few days ago.

The funeral of Private Oscar A. Sorenson, Co. C, 28th infantry, was at the home of Mrs. Levi Tweed,

Lake Villa, this afternoon. Private Sorenson's body was removed from the Argonne Forest, where he fell during the war. He is a brother of Mrs. Thomas Burnette of Antioch.

Poland Is Center

Geographically, Poland is in the exact center of Europe and is easily accessible by all main line routes. It is a country in which the old and the new are in complete harmony. Lovely old cities, rich in relics of ancient glories, bygone rites and ceremonies, festivals and pageantry, folklore and traditions, exist side by side with modern always reaching all over Europe, swift and comfortable trains, one of the world's most powerful broadcasting stations, good roads and, virtually everywhere, excellent hotels.

India's Palat

All the rooms in the homes of the richer class in India are painted. In recent years the better class of Indian, with the necessary means has been turning away from the Indian styles of decorative work and adopting western. Usually imported paints are used, as they prove much more satisfactory than the native product—a hard-bound color-wash in which can be found mixtures of whiting, earth colors, eggs, buffalo milk, sugar (which acts as a glue) and possibly a touch of disinfectant.

Eight-Year Bridge Game

The eight-year bridge game of Dr. and Mrs. A. P. Overgaard and Mr. and Mrs. Ralph Russell of Omaha is over with Dr. Overgaard top scorer. He had 1,450,280 points. The game, started in 1931 and played every Monday night, ended recently because Dr. and Mrs. Overgaard are moving to Houston, Texas. It ended (they swear it's true) with never a partner's ace being trumped.

Ventriloquism Mechanism

The essential mechanism of ventriloquism consists in taking a full breath, then keeping the muscles of the chest and neck fixed, and speaking with the mouth almost closed, and the lips and lower jaw as motionless as possible while air is very slowly expired through a narrow glottis. No air must escape through the nose.

RASPUTIN COMING TO GRAYSLAKE ARENA

Bearded Russ Champ Will Try to Tame Silverstein Friday

Ivan Rasputin, the bearded black Cossack of the Russian Steppes and internationally famous as the heavyweight champion of Russia, is coming to Lake county. He's coming here for a very special purpose. . . to be the first ever to put Ruffy Silverstein, Illinois state heavyweight wrestling champion, on his back. . . and keep him there for at least three seconds. These two nationally prominent stars have been matched to wrestle in the main event of the weekly all-star card at Peg's Grayslake Arena on Friday.

Rasputin, who is as famous in wrestling as his namesake, the mad monk, was in history, numbers among his long list of victims nearly every pro heavyweight in the country including Man Mountain Dean, Sandor Saxabo, Ali Baba, Gus Sonnenberg, Joe Savoldi, Ray Steel and scores of other top-notchers. He boasts the match with Ruffy will not go longer than 30 minutes, and places Silverstein as a rank amateur when compared to the famous heavyweights he is whipping in quick time every week.

Fans are looking for plenty of action in the semi-windup between Friedrich von Schacht, 6 foot 6 inch, 250 pound German giant and conqueror of Phil Malloy, and Pete Schuh is best described as the modern version of the famous old ex-world's champion Ed "Strangler" Lewis, and uses the deadly headlock with all the effectiveness of the old "Strangler." Since both Schuh and Schacht are among the tougher boys of the sport plenty of excitement is expected.

In one of the prelims Paul Bozell, the skunk-man from Eagle's Beak, Arizona, has been matched with Al "Whitey" Williams, tattooed sailor man from Fox Lake. Bozell proved to be a bald eagle with a nasty disposition last week in his local debut, and Whitey plans to clip his claws. The other prelim features the appearance of the gallant and handsome Winnet Wallingford Watson against flashy Lefty Pacer of Ohio.

Boosters Defeat Evanston Players

Making their first appearance in Antioch last Friday night, the Evanston All-Stars lost to the Antioch Boosters by a margin of 3-4, in a game that went to 10 innings. A return game has been arranged for this Friday. The Boosters, who had been trailing 3-0 going into the last of the eighth inning, scored two runs on a single by Carl Paschay and a home run by Win Jenrich. They added one in the ninth to tie the score at 3-all, and went on to win in the tenth inning on a double by Danny Palaske and a single by Fisher, a newcomer to the Antioch line-up.

The first five innings of the game saw some very tight pitching by both sides, Hertz of Evanston not allowing a hit and Connor of Antioch allowing two scratch singles. The sixth inning got under way with a single by W. Derlacki, his second in as many times at bat. Bert Hurd, Evanston catcher, got his second hit, a triple, scoring Derlacki, and he scored on an error by Connor, who cut off the throw to the plate and threw the ball wild to the third baseman. Ferrone and G. Derlacki struck out to end the winning.

Evanston scored again in the eighth inning on a home run by Art Seguin, right fielder. Connor opened the home eighth by beating out a hit to deep short. Hunt, the next batter, was out short to first. Connor going to third. Malleck lined a single to center, scoring Connor with the tying run.

Evanston went down in order in the first half of the tenth. Palaske opened the last half of the tenth with his first hit of the game, a double to right center. Then Fisher scored him with a single to right.

Bill Connor, Antioch's pitcher, was formerly a pitcher with the All-Stars.

ACES CLICK AGAIN; TAKE BRISTOL, 6-3

Play Smart Baseball to Net Six Runs from Only Five Hits

Skillful playing and smart baseball enabled the Antioch Aces to turn in another victory Sunday afternoon over the fast Bristol squad on the latter's grounds, 6 to 3. The Aces found themselves engaged in a pitchers' duel, with only 11 hits being made by both teams in the nine innings, and the locals landed on the short end of the stick work, collecting only five safe blows to their opponent's six. However, the Aces were quick to take advantage of the "breaks" and were lucky to win when the box score indicated defeat.

Manager Lasco of the Aces is proud of the showing being made by his team of youngsters, mostly high school lads, and he declares if they keep on improving for the next year or two Antioch will have one of the top ranking baseball teams in Lake county.

Next Sunday, the locals go to the Skokie ball park at the intersection 173 to settle their feud with St. Patrick's team of Wadsworth. Each team has a victory over the other and this third game will decide the winner of the three game series.
